**THE NEW DESIGN RAIN WATER FLAP  
BY GRÖMO – WITH TIP CLOSURE.**

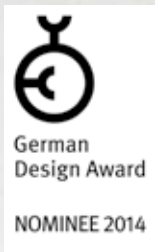

★ SENDS RAIN DOWN THE DRAIN

## ROOF DRAINAGE AS A FACADE STYLE ELEMENT – THE NEW DESIGN LINE MAKES IT POSSIBLE!

Smarter, faster and even more beautiful now. Grömo has managed to establish itself as a premium brand for roof drainage accessories while directing more attention to design. So much so that the work is not only easier, more profitable and proceeds more successfully but is also pleasing to the eye.

**Our secret:** We place the highest demands on ourselves and win design awards which are impressive. The IFDesign jury and reddot were impressed by the design and quality and awarded the worldwide coveted design prize for the successful use of form. Simply perfect in form, functional and beautifully sophisticated. The design line of Grömo. Grömo – shows rain where to go!

**STRONG VISUAL APPEARANCE.**  
**EASY TO CLEAN.**  
**SIMPLY ELEGANT. ✓**

The cylindrical design rainwater flap, with a high quality polypropylene insert, ensures an elegant appearance. The built-in tip closure facilitates the opening and closing of the flap. The easy-to-remove screen promotes fast cleaning. Perfectly shaped, the design rainwater flap is not only shines in appearance but also through its numerous functions, the DIN rich EN 612 certification and multiple awards.

The design-rainwater flap is suitable available for pipes with a diameter of 100 mm and available in the materials zinc, pre-weathered zinc, copper and aluminum.

# WATER COLLECTION CAN BE SO EASY – WITH THE DESIGN-RAINWATER FLAP BY GRÖMO.

## PREMIUM MATERIALS

The high-quality materials withstand the strongest weather conditions and remain beautiful and stable in form.

## TIP CLOSURE

By gently tapping, the rain water flap can be easily opened and the built-in screen removed.

## WEATHER-RESISTANT POLYPROPYLENE INSERT

Certified according to DIN ISO 4892-2, A1, the high-quality material can also withstand the strongest weathering.

## REMOVABLE SCREEN

Cleaning is easy with the pull-out screen.
